Re: Class Certification of KBO Winner Swaps Pursuant to Section 5c(c) of the Commodity Exchange Act and CFTC Regulation 40.2(d)

Dear Sir or Madam:

Pursuant to Section 5c(c) of the Commodity Exchange Act (the “Act”), 7 U.S.C. § 7a-2(c), and Commission Regulation 40.2(d), 17 C.F.R. § 40.2(d), Ludlow Exchange, LLC (“Ludlow” or the “Exchange”), a registered designated contract market doing business as Novig, hereby certifies a class of KBO Winner swaps (the “Class”) for listing on the Exchange.

A description of the Class and the certifications required by Regulation 40.2(d) follow:

The Previously Certified Contract. On September 2, 2026, the Exchange submitted and certified the KBO Winner Contract pursuant to Commission Regulation 40.2(a), CFTC Submission No. 2609-0218-1301-64 (the “Previously Certified Contract”). The submission included the complete terms and conditions governing the Previously Certified Contract, including its pricing sources, formulas, procedures, and methodologies for determining reference values and payment obligations.

The Class. Each particular swap within the Class is an event contract based on the winner of a specified KBO baseball game or a designated segment of that game. Each swap will be governed by the terms and conditions of the Previously Certified Contract. The values assigned to <game>, <team 1>, <team 2>, <competitor>, <date>, and <time period> may vary among swaps within the Class and will be specified by the Exchange before the applicable swap is listed. No other term affecting the pricing source, calculation of the reference value, payment obligations, settlement procedure, or settlement currency may vary among swaps within the Class.

Identical Pricing Sources and Methodology. Each swap within the Class will use the KBO, the Governing Body of <game>, as the Source Agency and the identical source hierarchy specified in the Previously Certified Contract, applied in order: (i) the official results publication of the KBO; (ii) any other official channel maintained or expressly authorized by the KBO, such as ESPN, the Associated Press, Fox Sports, or the official broadcaster of <game>; (iii) the official records of any renamed, reorganized, or successor governing body of <game>; and (iv) a result reported concordantly by at least two independent sources with a credible reputation regarding events relative to the KBO. For a full-game swap, the reference value is the official result of <game> as recorded by the Source Agency under the Official Game and Winner Rule, inclusive of any Extra Innings; for a designated-segment swap, the reference value is determined from the runs scored during <time period>, where a numbered segment

within regulation excludes Extra Innings and Extra Innings is included only where the segment is the final segment of <game> and the Contract Title does not state otherwise. A winner recorded by reason of forfeit, where <game> was not played to a result on the field, is not an official winner and the swap settles to Void, and the result is unaffected by any pitcher change under the Pitcher Change Rule. Settlement follows the Payout Criterion. For a full-game swap, if <competitor> is the official winner of <game> the Member holding the YES side receives the \$1.00 Settlement Value, and if the other team is the official winner the Member holding the NO side receives the \$1.00 Settlement Value; if the Governing Body records <game> as having ended in a tie after all regulation and Extra Innings permitted under its rules, the Member holding the YES side and the Member holding the NO side each receive \$0.50 per Contract, and a tie so recorded is a determined outcome rather than a Void; if there is neither an official winner nor a recorded tie the swap settles to Void. For a designated-segment swap, if <competitor> scored more runs than the other team during <time period> the YES side receives \$1.00, if the other team scored more runs the NO side receives \$1.00, and if <team 1> and <team 2> score an equal number of runs during <time period> the Member holding the YES side and the Member holding the NO side each receive \$0.50 per Contract; if the outcome of <time period> cannot be determined the swap settles to Void. A swap whose Payout Criterion is unequivocally determined before a suspension, postponement, shortening, or interruption will be settled on that determined outcome under the Determined-Outcome Carve-Out. Where a swap settles to Void—including under the Official Game and Winner Rule, the Scheduling and Postponement Rule, the Replay in Full Rule, the Series Conclusion Rule, the Doubleheader and Makeup Game Identification Rule, the No Result and Data Availability Rule, the Extraordinary Circumstances Rule, or the General Market Suspension Rule—or where any other provision otherwise provides for settlement at fair value, the swap will be resolved under the identical Fair Value Settlement Rule, including its Reference Time, Calculation Window, composite Fair Value Price sources, normalization methodology, Data Integrity exclusions, Fallbacks, and payment allocation. The determination of the Expiration Value is final under the Determination Finality Rule. Each swap will be denominated and settled in United States dollars.

Certifications. Pursuant to Section 5c of the Act and Commission Regulations 40.2(a)(3)(iv), 40.2(a)(3)(vi), and 40.2(d), the Exchange hereby certifies that:

- (i) each particular swap within the Class is based upon an excluded commodity specified in Commission Regulation 40.2(d)(1), specifically an occurrence, extent of an occurrence, or contingency within Section 1a(19)(iv) of the Act;
- (ii) each particular swap within the Class is based upon an excluded commodity with an identical pricing source, formula, procedure, and methodology for calculating reference prices and payment obligations;
- (iii) the pricing source, formula, procedure, and methodology for calculating reference prices and payment obligations in each particular swap within the Class are identical to those used in the Previously Certified Contract;
- (iv) each particular swap within the Class is based upon an excluded commodity involving an identical currency, the United States dollar;
