Re: Class Certification of NCAAM Winner Swaps Pursuant to Section 5c(c) of the Commodity Exchange Act and CFTC Regulation 40.2(d)

Dear Sir or Madam:

Pursuant to Section 5c(c) of the Commodity Exchange Act (the “Act”), 7 U.S.C. § 7a-2(c), and Commission Regulation 40.2(d), 17 C.F.R. § 40.2(d), Ludlow Exchange, LLC (“Ludlow” or the “Exchange”), a registered designated contract market doing business as Novig, hereby certifies a class of NCAAM Winner swaps (the “Class”) for listing on the Exchange.

A description of the Class and the certifications required by Regulation 40.2(d) follow:

The Previously Certified Contract. On October 16, 2026, the Exchange submitted and certified the NCAAM Winner Contract pursuant to Commission Regulation 40.2(a), CFTC Submission No. 2610-1615-3430-60 (the “Previously Certified Contract”). The submission included the complete terms and conditions governing the Previously Certified Contract, including its pricing sources, formulas, procedures, and methodologies for determining reference values and payment obligations.

The Class. Each particular swap within the Class is an event contract based on the winner of a specified NCAAM game or a designated segment of that game. Each swap will be governed by the terms and conditions of the Previously Certified Contract. The values assigned to <game>, <team 1>, <team 2>, <competitor>, <date>, and <time period> may vary among swaps within the Class and will be specified by the Exchange before the applicable swap is listed; <time period> is limited to First Half, Second Half, Regulation, or Full Game. No other term affecting the pricing source, calculation of the reference value, payment obligations, settlement procedure, or settlement currency may vary among swaps within the Class.

Identical Pricing Sources and Methodology. Each swap within the Class will use the NCAA as the Source Agency and the identical source hierarchy specified in the Previously Certified Contract, applied in order: (i) the official box score as published by NCAA; (ii) ESPN; (iii) the Associated Press; and (iv) Fox Sports. For a full-game swap, the reference value is determined by the official winner of the game, inclusive of Overtime; the selected competitor’s victory results in a \$1.00 payment to the YES side, the other team’s victory results in a \$1.00 payment to the NO side, and if there is no official winner the swap settles to Void. For a designated-segment swap, the reference value is determined solely from the points scored during the designated segment; the selected competitor scoring more points results in a \$1.00 payment to the YES side, the other team scoring more points results in a \$1.00 payment to the NO side, a tie results in a \$0.50 payment to each side, and if the outcome cannot be determined the swap settles to Void. Void conditions will be determined under the identical Official Game and Winner Rule, Scheduling and Postponement Rule, Replay in Full, Series Conclusion Rule, No Result and Data Availability Rule,

Extraordinary Circumstances Rule, General Market Suspension Rule, and Contingencies, and the Expiration Value is final under the identical Determination Finality Rule. All Voids will settle under the identical Fair Value Settlement Rule, including the same Reference Time, Calculation Window, Fair Value Price, Data Integrity, Fallbacks, and Settlement provisions. Each swap will be denominated and settled in United States dollars.

Certifications. Pursuant to Section 5c of the Act and Commission Regulations 40.2(a)(3)(iv), 40.2(a)(3)(vi), and 40.2(d), the Exchange hereby certifies that:

- (i) each particular swap within the Class is based upon an excluded commodity specified in Commission Regulation 40.2(d)(1), specifically an occurrence, extent of an occurrence, or contingency within Section 1a(19)(iv) of the Act;
- (ii) each particular swap within the Class is based upon an excluded commodity with an identical pricing source, formula, procedure, and methodology for calculating reference prices and payment obligations;
- (iii) the pricing source, formula, procedure, and methodology for calculating reference prices and payment obligations in each particular swap within the Class are identical to those used in the Previously Certified Contract;
- (iv) each particular swap within the Class is based upon an excluded commodity involving an identical currency, the United States dollar;
- (v) each particular swap within the Class complies with the Act and the Commission's regulations thereunder; and
- (vi) concurrently with the filing of this submission, the Exchange has posted on its public website at <https://www.ludlowexchange.com/filings> a notice of pending class certification and a copy of this submission.

Submission Timing. The Exchange has filed this submission electronically through the CFTC Portal and will not list or facilitate trading in any swap within the Class unless the Commission has received this submission by the open of business on the business day preceding the listing, as required by Commission Regulation 40.2(a)(2).

Sincerely,
